

Financial Support

Ministry with the young people has many components, including service, prayer, leadership development, faith building, and community building. This is done through experiences such as weekly faith building, conferences, mission trips, and retreats which will develop teens to make a difference in their churches, schools, and communities. While we really try to keep everything as affordable as possible, and raise funds on our own, the financial part is still difficult to meet.

We are asking for generous supporters to help us meet our financial needs by being a Youth Ministry sponsor

We appreciate all generous sponsors who've made it possible for over 100 teens to participate in youth events in the past several years. Sponsor moneys will be used for teens who need financial help, transportation costs, and for the adults who will give of their time to minister to the teens, thus making this trip possible. If you wish to share a financial gift with the young parishioners at St. Joseph's please print and fill out the bottom of this form.

Thank you in advance for your support! We cannot do this without you. It is the support of community members like you that make these extraordinary life-changing events possible! God Bless.
